

7.1.11 Description on Institution celebrates / organizes national and international commemorative days, events and festivals

The Karnataka College of Pharmacy (KCP) imparts the feeling of patriotism in students and staff members by celebrating the national festivals like Independence Day and Republic Day every year. It involves the unfurling of the National Flag, an event by NSS, and distribution of sweets among students and staff members. Further, it was followed by National Service Scheme's "Cleanliness Drive" for a week under the Swachh Bharat Abhiyan. The KCP also organizes the events to commemorate the birth and death anniversaries of famous personalities so as to familiarize the students with the contribution that these respective personalities have made in the process of nation building and paving the way for its present and future developments. The events include lecture by eminent speakers from diverse fields and conducting intra-college competitions like Essay writing, Debate, Slogan writing and Poster Making etc.

The college also observes other days of national importance which are birth/death anniversaries of great Indian personalities. The college makes the students aware of such personalities and their significance. The attendance is made mandatory for all the national event celebrations. The pharmacist day is celebrated yearly as prescribed theme by Pharmacy Council of India. The yoga day refreshes the body and the soul and brings high energy to the life by relieving the stress. The college conducts annual cultural and sports events to encourage the students in the extra-curricular activities. KCP also celebrates mother's day, women's day and gender equity programs to encourage both the genders. Regular screening programs are conducted by the pharmacy practice department and NSS unit. The hypertension, diabetes and asthma screening in rural villages are being conducted. The world AIDS awareness drive and Tobacco free drive are conducted to educate the general public and bring awareness to control such diseases. The college premise was used for Covid-19 vaccination to the public and the staff and students actively volunteered in the events.
